

# Indian Curry

is to the people of the East, What Catsup or Worcestershire Sauce is to those of the West.

Anyone who has traveled in Japan, China or the East Indies knows that there is no more palatable dish prepared than curry and rice, or the many other ways in which it is brought into use by residents of those countries.

The demand is so great that inferior preparations are placed on the market and sold to the uninitiated as the real article.

"While the palate is still hot with a curry, an unflavored dish seems insipid."

No one has ever disputed the fact that the people of the East know how to, and do, live on the best the land affords.

In the lower Fort street window of our store is a display of the

# Genuine Indian Curry Powder

that is prepared by us strictly according to the original receipt, and when the Pacific Club, Hotel and Commissary department use it and no other, we have no hesitancy in selling it and recommending it to the public as the STRICTLY PURE Curry Powder. A trial is all that is required.

ANDREW BROWN, Sup't. Honolulu Water Works. Approved: J. A. KING, Minister of the Interior. Honolulu, H. I., April 6th, 1897.

# SALE OF THE HAWAIIAN HOTEL PREMISES, HONOLULU H. I.

On WEDNESDAY, July 28th, 1897, at 12 o'clock noon, at the front entrance of the Executive Building, Honolulu, will be sold at Public Auction, the Hawaiian Hotel Premises at Honolulu.

These premises are centrally located in the City, in the center of the block bounded by and with entrance drives from Hotel, Richards, Beretania and Alakea streets, and the grounds contain an area of 1 7-10 acres.

The Buildings consist of the Hotel proper, of two stories, and basement, built of brick and concrete, with broad verandas at front and rear of each story.

The main building covers an area of 10,800 square feet with lanai or wing addition on one side, 40x24 feet and wooden addition on opposite wing, for kitchen, 60x18 feet.

There are also four Cottages on the premises with ample provision for bath rooms and closets.

The main building contains a spacious Parlor, Public and Private Dining Rooms, Large Billiard Hall and Bar Room, and forty Sleeping Rooms. The Cottages contain about twenty additional Sleeping Rooms.

A water tank with capacity of 10,000 gallons is placed on a tower at an elevation sufficient to give a good water pressure in second story of the main building. This tank is supplied from an artesian well on adjoining premises, owned by Dr. J. S. McGrew.

The buildings and grounds are thoroughly lighted with Electric Light. Plans of the buildings and grounds can be seen at the office of the Minister of the Interior.

Terms of Sale are Cash—in United States Gold Coin.

Upset price: \$60,000.00.

In case there is no bidder to purchase the property at the above upset price, a Lease of the same will immediately be offered for sale at an upset price of \$4,000 a year, for a period of thirty years under the conditions set out in Act 7, Laws of 1896, and more particularly of Sections 2 and 4 of said Act, which reads as follows:

"Section 2. Every such lease shall contain a covenant on the part of the lessee that he shall, during the first four years of the term of the lease, cause to be erected upon the leased premises a fire proof building of Brick, Stone or Metal, in a workmanlike manner, satisfactory to the Minister of the Interior at not less than a stated cost; and keep the same suitably insured at not less than two-thirds of its value for the benefit of the lessor; and shall keep the building in good repair during the remainder of the term of lease, reasonable use and wear thereof only excepted; and in case of damage or destruction of such building by fire, shall make good such loss or damage by the necessary repairs or reconstruction or else surrender the insurance to the lessor.

"Section 4. Every such lease shall also contain a covenant on the part of the lessor, that upon the request in writing by the lessee or his representatives, before the expiration thereof, the premises with the improvements, shall, if all of the conditions to be performed by the lessee, have been satisfactorily performed, be put up at Auction for a lease for a term of not over twenty years; unless said premises shall be required for public uses, of which the lessee shall receive at least one year's notice. Such auction sale shall be held not more than six months nor more than one month before the expiration of said term.

The cost of building to be erected in accordance with Section 2 as above quoted, is placed at \$50,000

J. A. KING, Minister of the Interior. Interior Office, March 27, 1897.

# THE STEAMER AMAPOORA

# PIONEER OF THE NEW PORTLAND STEAMSHIP LINE.

She Left Astoria on the 13th; Will Touch at Way Ports and Then Sail for Honolulu.

The old tramp steamship Amapoora is supposed to be headed this way from the Northern coast with a big general cargo for this port. A recent Examiner states that she left Astoria on the 13th, under charter from a Portland concern which will attempt to divert some of the island trade in the direction of Portland. Advice received by Davies & Co., who have a big consignment of lime on board, say that she finished loading lime at Roach Harbor on the 14th, and would sail from there on that date to Tacoma and thence to Seattle, Port Blakely and Victoria before starting for this port.

No exact information is obtainable locally as to the intention of the charterers of the Amapoora, but the impression prevails that she will be the pioneer of a new line of steamers between Honolulu and Portland direct, should her first trip prove a success. It is said that she will have a handsome cargo for this port, but, from all indications, will have nothing for the return trip. Could arrangements be made to secure a cargo for her both ways there is no doubt that the line would be established.

For some time past there has been an effort on foot to interest the Canadian Pacific railroad Company in the island trade. It is believed that the Canadian Pacific can make a rate that will make eastern shipments by this line advantageous, and still leave a fair percentage of profit for the railroad people. There are those who hold that sugar can be shipped through in that way at a profit to all concerned, and if not sugar, fruit and other island products.

The Amapoora is a typical British steamer of the tramp variety. She was recently chartered by some Puget Sound people to open up a line between Tacoma and Central America. On her way south she put in at San Francisco and loaded so deep that the insurance men cancelled their policies. The experiment proved a failure and the line was discontinued.

# SAILORS' HOME RESTAURANT.

Charles Matzie, proprietor and chef of the Sailors' Home restaurant, is not a stranger to the epicureans of Honolulu. Two years ago he was chef at the Hawaiian hotel and later of the Pacific Club. Since 1871 he has been identified with the best winter and summer hotels of southern California. His taking hold of the restaurant of the Sailors' Home should build up a large and paying patronage for the place. The manner of serving is such that all dishes come to the table just the right temperature, or as a gentleman was heard to remark "with the right snap." Dinner is served from 11 to 2 and is complete from soup to dessert, of ice cream. Single meals are twenty-five cents. Tickets will be issued if requested. Mr. Bluxome should feel proud of the Home.

# COLD STORAGE.

There are 1500 carcasses of New Zealand mutton in the refrigerating department of the Hawaiian Electric Company. On the arrival of the Miowera the other day the meat was transferred on account of an accident to the cold storage plant on board of the vessel. The captain was surprised to find such a perfect refrigerating department connected with the electric company and complimented Manager Hoffman for the excellent manner in which he conducts this important branch of the company's business. It is a model of neatness and as the captain said: "Your cold storage is a credit to Honolulu and surpasses many I have seen in larger cities."

# DIED.

LONG—In San Francisco, April 12 Mrs. Rebecca B. Long, wife of the late Judge L. H. Long, of Berkeley, and mother of Mrs. Mary Spalding, of Honolulu, Louis H. Long and Mrs. Annie Brennan; a native of Pennsylvania, aged 64 years, 2 months and 9 days.

Mrs. A. Inveen, residing at 720 Henry Street, Alton, Ill., suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. For sale by all druggists and dealers. Benson, Smith & Co., wholesale agents for H. I.

# EXPIRES SUDDENLY.

Death of Samuel H. Savidge, an Old Resident.

Samuel H. Savidge, Sr., expired suddenly of heart disease at a few moments past 12 o'clock today. He had been ailing for nearly a year and had been confined to his bed for ten days. The funeral arrangements have not been perfected as yet, but it is probable that the services will be held tomorrow afternoon at 3 o'clock in St. Andrew's Cathedral. He was prominent in Odd Fellowship and will be buried under the auspices of that order.

Mr. Savidge was past 71 years of age at his death. A wife and three children, Samuel H. Savidge, Jr., Mrs. T. C. Porter and William Savidge survive him.

The deceased came to Honolulu in 1855, and with Henry May, established the firm of Henry May & Company.

# THE PLANTERS MEET.

Labor Commissioner Fitzgerald, of California, was in conference late yesterday afternoon with a number of prominent Hawaiian sugar planters. The meeting was held in the rooms of the Hawaiian Planters association. Mr. Fitzgerald stated a labor bureau should be formed and a good man placed at the head, in order to successfully carry out the importation of white labor from California into the islands. The labor commissioner stated that he would do everything possible to aid the bureau in its work should it be started.

Mr. Fitzgerald and his secretary, E. M. Greene, will return to San Francisco tomorrow on the Alameda.

# WRECK SOLD.

President Wight, of the Wilder Company, returned home on the Helene this afternoon from the wreck of the Likelike. The vessel was surveyed yesterday, condemned and sold for \$80 to John Hind. About \$1000 worth of sails, rigging, coats, etc., were saved from her. She lies in such a position that the next wind will break her up in a few hours.

# THE EVOLUTION

Of medicinal agents is gradually relegating the old-time herbs, pills, draughts and vegetable extracts to the rear and bringing into general use the pleasant and effective liquid laxative, Syrup of Figs. To get the true remedy see that it is manufactured by the California Fig Syrup Co. only. For sale by all leading druggists

# HUMORIST TO APPEAR.

Frank Lincoln will appear at the theater on Saturday evening. In speaking of his performance, the Portland Oregonian says: No audience was ever better pleased. He deserved unstinted praise. His hearers went in convulsions of laughter."
